

Cathal loves coming home every day and telling us all about his day. Let it be the gaeilge, the solar system, his 'special work' or the new favourite has to be the whiteboard. Some mornings we wish we could go with him to Villierstown Montessori School.

The Hogan Family

The well laid out classroom is very child-friendly which, along with the up-to-date materials and support from the staff, encourages the children's independence. There is a great variety of subjects and activities to stimulate their interest and learning.

Villierstown Montessori School

WELCOME

Thank you for taking the time to look through our brochure; I would like to take this opportunity to give you a brief overview of our school.

Located on the main street of Villierstown in Co Waterford Villierstown Montessori School adheres to Dr. Maria Montessori's education philosophy. Known as the Montessori Method the main idea is that each child is treated with respect, given freedom within the limits of a carefully structured environment, and allowed to develop naturally at their own pace.

Using a broad range of Montessori Materials, Montessori Curriculum and other educational aids we strive to provide a high standard of education to your child to help him or her gain as much knowledge, independence and self confidence as possible before they move on to Primary level.

We provide a carefully planned and stimulating environment where your child learns to respect themselves and others, increase their level of concentration and their enthusiasm for learning in a fun and exciting way.

The qualified and experienced team at Villierstown Montessori School communicate on a regular basis with you on your child's progress as we believe parents are valued partners in their child's education and our overall aim is to give each child the best possible foundation for life.

My role as Montessori Teacher and Manager is to maintain an inspiring and stimulating child-centred learning environment that encourages each child to work and learn to the best of their ability.

At Villierstown Montessori School we provide a safe, secure and supportive environment making sure each child is happy, confident and having fun while they prepare themselves to enter society.

This time in your child's life is the most important time for learning and Villierstown Montessori School is the right place to begin!
